

THE CUP JESUS DREADED TO DRINK

Reference: **Matthew 26:34-44**

Pastor Larry Webb

Notice three different times in the garden (**verses 39, 42 and 44**) Jesus prayed that if it were possible, He wanted to be relieved from drinking a particular cup. This was a figurative metaphorical cup. So the question is, and what was that cup Jesus dreaded to drink?

There are two common suggestions as to what that cup might have been a reference to:

ONE... this cup represented the _____ and its associated suffering

TWO... the cup represented Jesus becoming the acceptable substitutionary _____ for man's sins (i.e. the atonement)

Definition: penal atonement is the teaching that Jesus Christ through his own sacrifice was punished (penalized) as a _____ for sinners, and in doing that, he satisfied the demands of justice so that God can then forgive our sins.

Reference: **II Corinthians 5:21; Hebrews 2:9; I Peter 3:18**, etc
