

## **WE (YOU) NEED SPIRITUAL GROWTH!**

*The Growing Christian Series*

Reference: **2 Peter 3:18**

Pastor Daniel Flynn

Why is it that we should be concerned with our spiritual growth and the growth of those around us?

I. A baby Christian cannot do the work of a mature Christian.

### **Ephesians 4:13**

Some signs of spiritual maturity include:

- ~ Basing reactions on Scripture and God's character instead of feelings and emotions
- ~ Listening more and talking less
- ~ Having a sense of humility
- ~ Having self-awareness
- ~ Having healthy boundaries
- ~ Discernment

A spiritually mature Christian is someone whose character, words, and actions emulate the character of Jesus Christ!

II. A baby Christian cannot understand the deep things of God.

### **Hebrews 5:11-14**

III. A baby Christian who does not grow cannot escape discontentment and unhappiness. **1 Corinthians 3:1-3**

Are you (are we as a church) willing to overlook our wants and desires for the sake of the health of the fellowship? Are you willing to lay down arms in the body of Christ?

IV. A baby Christian will receive only a "baby's" reward.

As training and preparation prepare one for a better income, so growth, training, and experience make possible a greater responsibility here and a greater reward in heaven for the children of God.
